Privacy Policy

It is important to Intelligent Plant to help our customers and partners to retain their privacy when they take advantage of our site and the Industrial App Store.

We believe your business is no one else’s. Your privacy and security is important to you and us. So we will protect the information you share with us. To protect your privacy, Intelligent Plant follows different principles in accordance with worldwide practices for customer privacy and data protection.

- We won’t sell or give away your name, mail address, phone number, email address or any other information to anyone.
- We’ll use state of the art security measures to protect any information you give us from unauthorised users.
- We don’t store passwords as a matter of policy – so your password can never, not even in a breach be retrieved from Intelligent Plant’s systems.
- The Industrial App Store
  - We give you the ability to manage your data and to share it with others through the use of their apps – you will be asked which data you are willing to share on the consent screen.
  - We store as much of your data as we reasonably can within the App Store connect install (on your machine)
  - Data that we cannot store on App Store Connect (eg. Configuration data, may be stored on the Industrial App Store)
  - Where you use your e-mail address to download a leaflet, we may contact you to make sure it was what you wanted and offer assistance
  - For Security all successful logins (including the logon to an App) are logged on the Industrial App Store,

Notice

We will ask you for a login when you navigate to the Industrial App Store. Information of your login to the site will be used for the following purposes:

- To make the site easier for you to use by not having to enter information more than once
- To help you quickly find Apps software, services or information
- To help us create content most relevant for you.
- To alert you to product upgrades, special offers, updated information and other new services from Intelligent Plant LTD

Consent

If you choose not to register for the Industrial App Store, or provide any information then you can still use the rest of the Intelligent Plant website.
